Date: 31-May-21

TO WHOM IT MAY CONCERN

This is to certify that Mohammad Mahmoud Odeh has done a virtual internship in Data Science at Data Glacier, Prayagraj, India from 15-Feb-21 to 15-May-21.

During this virtual internship the intern worked on different modules of company projects, proof of concepts and demonstrated good skills in Python, Data Analysis, Machine Learning, Feature Engineering, Model governance, Data Visualization and stakeholder communication.
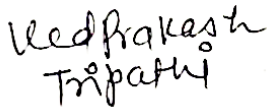

The intern was diligent and enthusiastic with zeal to do their best on the assigned project and proof of concepts. The intern also assisted in technical documentation and modification.
During this virtual internship intern's performance and submitted project report was up to the mark.

We wish him/her success in all his/her future endeavors.

Yours Sincerely,

For Data Glacier

Ved Prakash Tripathi

(Director)
